WWW https://bajusz15.github.io

Self-motivated Web Developer with medium level of experience working on multiple projects. Passionate and hardworking with penchant for meeting deadlines. Interested in role with company promoting best practices and offering diverse customer projects. I love to learn and this is my main quality, so if I have to learn any new library or framework I am comfortable with learning on the job.

Work History

May 2018 - **Backend Developer**

Current *Webpont, Miskolc*

- Developed web applications, websites with PHP, SQL and JavaScript and other libraries as needed. Worked with Laravel, jQuery, PDO, Object oriented PHP,
- Managed a huge MySQL database.
- Projects were focused on sport analytics.

Dec 2017 - **Full-Stack Developer**
Current *Self-employed, Miskolc*

- Made scalable web applications using Go, Node.js using Microservices and containerization with Docker.
- Explored Amazon Web Services (AWS) and Heroku, from deploying to hosting.
- Used database systems such as PostgreSQL and MongoDB.
- Used technologies such as gRPC, Gin, Gorilla, Express, React, Git, Nginx, Redis.

Education

Sep 2017 - **Bachelor of Science: Computer Science**
Current *University of Miskolc - Miskolc*

Udemy - Udemy.com
I usually learn from Udemy, and then practice what I learned on my own projects.

hobbies

I love programming, going to the gym and motorcycling. I like to develop myself, so I learn a lot about topics I'm interested in.
